**SATURDAY**  
**March 27, 2010**  
At the

**1000 Eastport Plaza Dr.,  
Collinsville, Illinois**

**Fees: (includes lunch)**

**\$160 - REMODELER COUNCIL MEMBERS**

**\$175 - HBA MEMBERS**

**\$225 - NON HBA MEMBERS**

## MANDATORY CERTIFICATION!

New HUD & EPA Regulations will require all contractors that disturb lead-based paint in homes, schools and child care facilities built before 1978 to be certified and follow specific work practices to prevent lead contamination.

Certification will be required by Residential Renovators, Insurance Restoration Contractors, Painters, Window-Siding & Guttering Professionals, Plumbers, HVAC Professionals, Demo Contractors, Foundation Repair Specialists, Government & Historical Restoration Specialists and more.....

To be in compliance with the law, the certified individual must remain onsite at all times during the construction phase.

Remodelers will also need to apply to have their companies become certified to work under new lead paint rules by filling out a downloadable application paying a \$300 fee to the U.S. Environmental Protection Agency. These forms will also be available at the training or by contacting the HBA office.

This certification for firms will be required, in addition to individual training for remodelers themselves, which must be completed by April 2010, when the federal [Lead: Renovation, Repair and Painting](#) rule goes into effect.

Please complete the following information to register for this training. Confirmation of course date and cost will be sent via email prior to training.
