

PRESS RELEASE - HBA

Home Builders Association of Greater Southwest Illinois Announces

The Tim Keleher Outstanding Achievement Recipient for 2010

• Justin Fausz •

The Home Builders Association of Greater Southwest Illinois is proud to announce the 2010 recipient of the Tim Keleher Award for Outstanding Achievement. The award began as a remembrance of Tim Keleher, a great supporter of the Home Builders Association and his commitment to the building industry in Southwest Illinois. Any student interested in the construction trades at a local high school, university, community college, or technical school is eligible for this award. Scholarship applicants are judged on the following criteria: academics, involvement within the building industry, leadership, extra curricular activities, community involvement, awards, honors and achievements.

Justin Fausz is a first year student at Ranken Technical College who was recently awarded the Tim Keleher Outstanding Achievement Award for 2010. He has taken many classes related to the building industry, including Electrical and Commercial Wiring Shop, Motor Control Shop and Control Circuits. Fausz looks forward to joining the industrial building market and eventually become a leader in the industry by opening his own business. Fausz stays involved with the community by serving at church and working at a local grocer. Fausz will be awarded a \$500 scholarship toward continuing education in the construction trades and a toolbox outfitted with an assortment of carpentry tools donated by Morgan Wightman, R.P. Lumber, Pro-Build and Wilke Window & Door, Inc.

Justin Fausz, congratulations on behalf of the Home Builders Association of Greater Southwest Illinois!
